

## THE BEST OF KLAS PERFORMANCE RATINGS FOR EMRS

May 2003 - *Healthcare Informatics*

---

**K**LAS Enterprises, Orem, Utah, began to measure and report healthcare IT (HIT) vendor performance in 1996. To candidly gather performance ratings, KLAS confidentially interviews thousands of professionals in healthcare annually. This extensive HIT performance database represents more than 4,000 healthcare facilities, 200 vendors and 300 products. Vendors, consultants, investment bankers and healthcare providers use KLAS performance reports.

The products listed from data gathered March 26, 2003, earned the top (in order shown) 2002 KLAS overall scores--the combination of performance and business indicators--in their market segment.

### **The acute care CPR and EMR market**
