**Day One**

**Exhibit Hall Hours**

10:30-11:15 a.m. General Session

Rosemarie Nelson, MS, principal, MGMA Health Care Consulting Group, Louisville, Ky.

The electronic health record (EHR) marketplace can be overwhelming. Moderators will discuss vendor-neutral steps to reduce risk and enhance opportunity.

12:00-1:30 p.m. Lunch break with exhibitors

**Day Two**

**Exhibit Hall Hours**

9:00-10:00 a.m. General Session

Moderators: Robert M. Tennant, MD, principal, MGMA Government Affairs Department, Washington, D.C.

The adoption of health care information technology will improve the value of health care to the large majority of consumers. In this session, we will learn about the steps that are being taken by the federal government to support health information technology. We will examine the critical role of interoperability, health context, security, and the impact of incentives.

10:30-11:30 a.m. Consultant showcase

**Sponsor showcase**

refreshment break with exhibitors

11:30 a.m.-12:15 p.m. Lunch with exhibitors

**EHR panel presentation – Technology**

Implementation

Our panel of experts will discuss the implementation process, including employee hour, staff training, project management and general implementation strategies. We will always be able to create a schedule for your training, identify what may affect your implementation process, and discuss strategies that you should consider to ensure a successful implementation. This is critical to assisting medical practices administrate who have completed their EHR implementations.

Room 102-103 

12:15-1:30 p.m. Sponsor showcase

**EHR case study**

Richard L. Weinberger, MD, FACP, clinical professor, University of Connecticut, St. Paul, Conn.

You will learn about issues critical to the successful implementation of an EHR, including issues of technology, leadership, appointments, improve results, and operational efficiencies. You will be able to explain how EHR affects every physician, including physicians and staff in a small group practice. You will then be able to learn more about your own practice and the changes your practice will experience.

Room 102-103

1:30-2:30 p.m. Lunch break with exhibitors

2:30-3:30 p.m. EHR panel presentation – Financial

Cynthia L. Dunn, MFA, principal, MGMA Health Care Consulting Group, Commerce, Calif.

A panel of medical practice administrators who have completed EHR implementations will discuss their experience in implementing an EHR and what they would do differently if they had to do it again.

Room 102-103

3:30-4:30 p.m. Final question and answer session

Facilitate an exchange of best practices to let you know what you need to have your panel of experts personalized and collated.

Cynthia L. Dunn, MFA, principal, MGMA Health Care Consulting Group, Commerce, Calif.

A panel of medical practice administrators who have completed EHR implementations will discuss their experience in implementing an EHR and what they would do differently if they had to do it again.

Room 102-103

**General Information**

10:30 a.m.-noon General Session

Bob Massa, MD, MBA, senior director, MGMA Government Affairs Department, Washington, D.C.

This session will introduce key concepts and strategies related to the adoption of health care information technology. Among the topics will be an overview of some of the technological and pharmaceutical practice in this session, we will learn about the steps that are being taken by the federal government to support health care information technology. We will examine the critical role of interoperability, health context, security, and the impact of incentives.
