

# American Health Information Community

Workgroup Roadmap Discussion

# Progress To Date

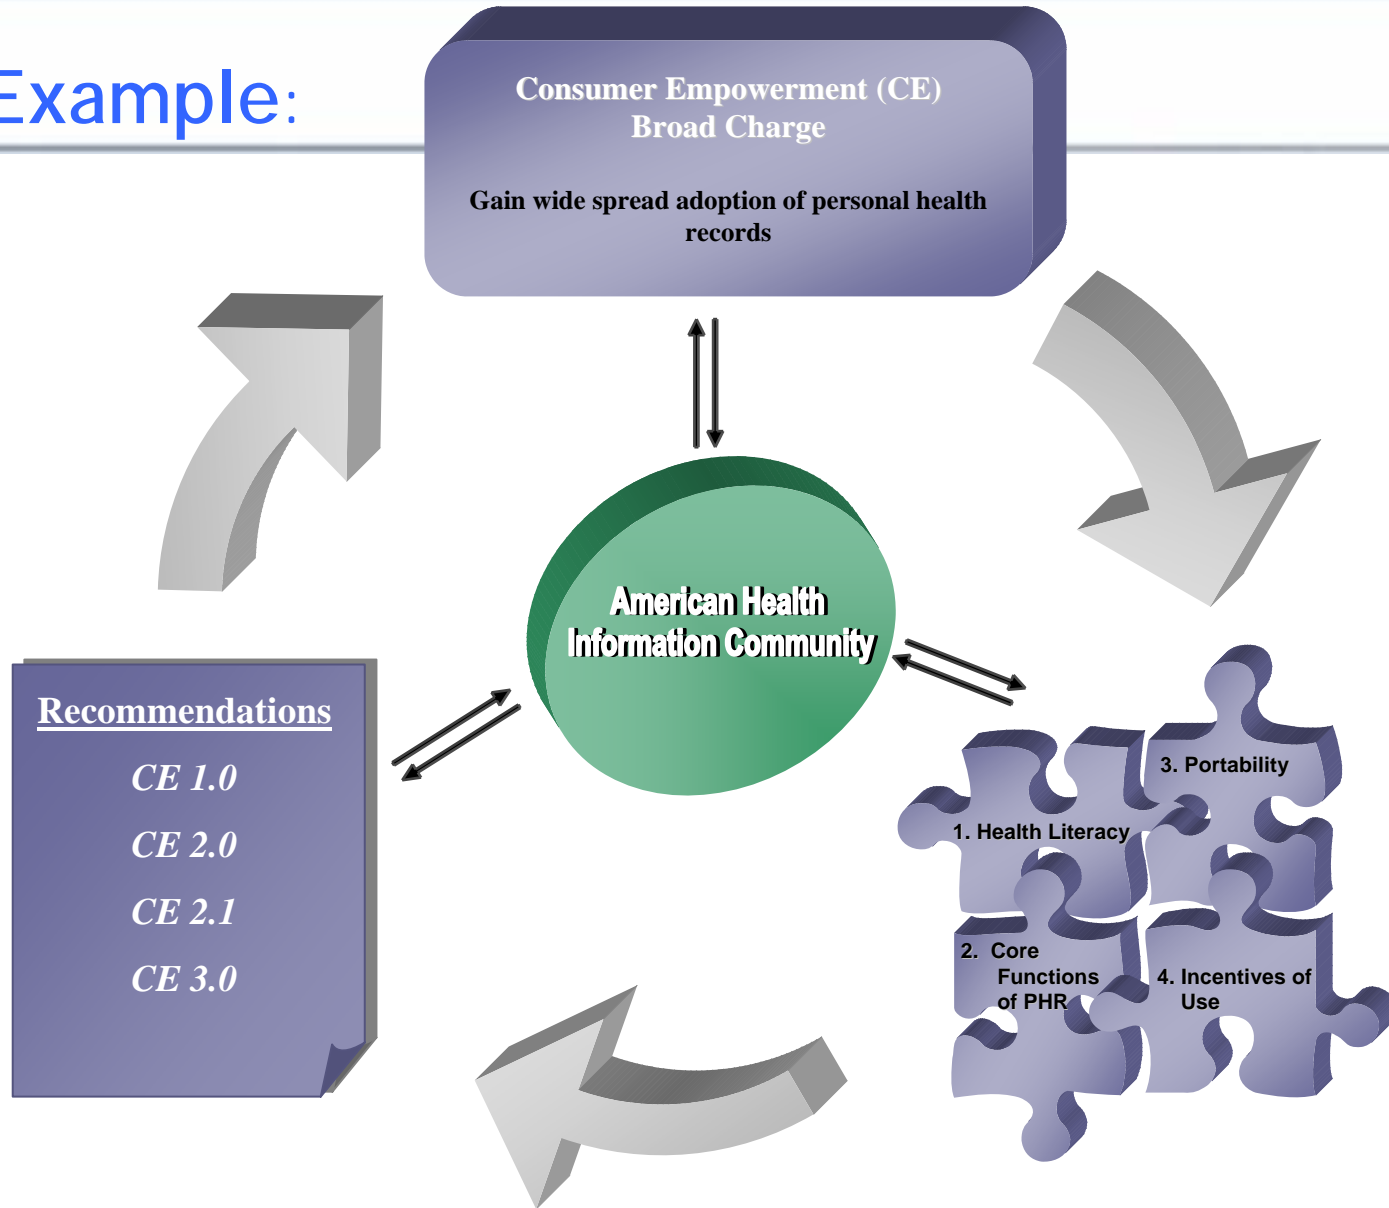

- Established Workgroups
- Named co-chairs and members
- Held over 20 workgroup public meetings
- Developed first set of recommendations to achieve the specific charges
- Presented recommendations to the Community
  - ❑ EHR - 7 accepted recommendations
  - ❑ CC - 8 accepted recommendations
  - ❑ CE - 3 accepted recommendations
  - ❑ BSV - 8 accepted recommendations

# Looking Forward: How do we move from the specific charges to the broad charges?

## Three Step Process:

1. Collect information in order to identify the critical components comprising the broad charge.
2. Prioritize the critical components of the broad charge to create a roadmap and a work plan to drive specific recommendations.
3. Identify specific recommendations flowing from each critical component.

# Example:

## Timetable:

- June: Develop a work plan that lays out the critical components of the broad charge and a process to address them
- July: Testimony, background research, analysis of barriers and enablers for the first set of critical components
- August: Consider stakeholder concerns and roles and draft recommendations for first set of critical components
- Sept: Testimony, background research, analysis of barriers and enabler for second set of critical components
- Oct: Consider stakeholder concerns and roles and draft recommendations on second set of critical components
- Nov: Prepare letters of recommendations from work groups
- Dec: Present first set of broad charge recommendations to the Community
- 2007 Repeat the process for the next set of critical components for each broad charge
